## Magician Mystifies Crowd at Falls Grove Park

Michael Chamberlin brought his bag of tricks to Falls Grove Park in July to the delight of neighborhood children and their parents. Chamberlin casts a spell on his audience by combining magic and music with an abundance of comedy and audience participation to provide fast-paced, spellbinding sorcery for all ages.

The show is part of a summer program for kids sponsored by KSI Services, Inc. in conjunction with the city of Rockville and Class Acts Arts. For 16 years, Rockville has turned several neighborhood parks into outdoor family theatres in summer. The free, family-friendly, hour-long performances have become a summer tradition for hundreds of resident. The season's last show for this summer was August 9.
